St Bon's eNewsletter

12th January 2018

Welcome to our newsletter bringing you Sunday's news on Friday!

A Message from Fr Tom

Here we are already in the throes of a new year. Christmas seems like a distant memory, the TV is full of adverts encouraging people to book their summer holidays, it seems we are looking ahead to what will be and have left behind what was. But because January can be a bit of a hard month for some - no money, cold dark days, diets - I thought I would do a little recap of the last month before talking about the exciting things that we are going to do this year.

We had a great Christmas at St Bon's. The month leading up to it was full of event. At school there was the Christmas fair, four nativities, a carol service, Advent reconciliations for years 4, 5 and 6 and a Christmas dinner and an end of term mass. For me the carol service stood out as one of the best I have been to anywhere. It was engaging, interactive, theatrical and spiritual in in one. In the parish, we kicked off Christmas with our senior citizens Christmas social with a mass of anointing - it was a great afternoon with plenty of laughter, the event was made all the more moving by the children from the school who came to sing. A highlight for me in the run up to Christmas was the nativity service. It was attended mainly by our families who are committed to the parish and made for a wonderful celebration of Christmas. There were plenty of fun activities and food and drink afterwards. Then we had Christmas its self. The masses went beautifully. And this year the Christmas tree lights stayed on for the duration of all the masses, that is success! I would like to say a massive thank you to every one who helped at the above events and over Christmas to make our church looks so wonderful and our liturgies and events run so well.

On a personal note, I would like to say a massive thank you to all of you who gave so generously to the Christmas

collection. I was touched by your kindness and consideration. I also received numerous Christmas cards with kind greetings and words of support and gratitude which I found truly touching, thank you.

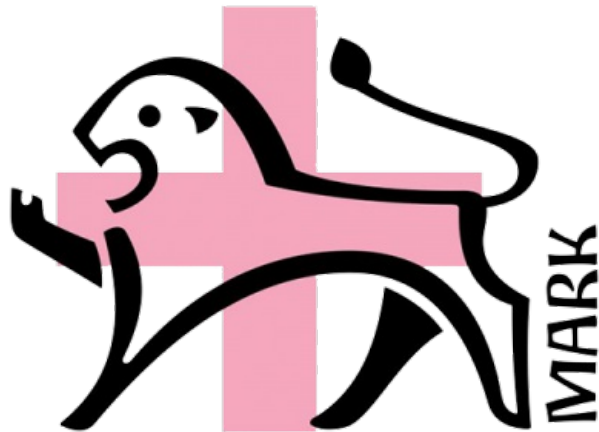

So we find ourselves looking ahead to a new year full of promise for each of us but also for us as a parish community. Things feel really good at the moment, to me (I don't know about you!). It feels like we are in an exciting place. Adoration is at the heart of who we are and the 'find a prayer partner for the week during mass' has turned out to be more popular than I could ever have expected. It seems to be generating a feeling of excitement and involvement I have not felt in a parish before and in such a short space of time.

This year I feel we are really going to grow and develop as a community. One of my hopes for the parish this year is that each one of us will feel more committed, more part of St Bon's. I think people can be afraid to do things in the parish because of the sense of commitment it might mean in their already busy lives. But when I say I think people will feel more committed I don't mean to doing things but will feel more part of St Bon's, that they belong. And not just belong as in "this is my parish this is where I grew up", or "I have been coming here for years". You could have been coming here for centuries but it doesn't mean you feel you belong or that you are giving of yourself to the community. That is what I hope will grow, our own sense of what we put into St Bon's, how we see the parish. I hope we will all see it as a place where what "I do" matters, "I belong" here and "I care" for and about others who belong here too. That is community.

Year of Mission

MISSION

Second Sunday in Ordinary Time

As we enter into this *Year of Mission*, Fr Christopher from the Diocese's Department for Adult Education and Evangelisation shares these thoughts with us:

We leave the familiar scenes of Bethlehem behind so quickly. We've skipped through the waters of the Jordan this last week and now we enter into Ordinary Time. But we don't leave the Jordan's banks just yet for John the Baptist is pointing Jesus out to his own disciples. John has to let his own companions go to follow Jesus. John is not the centre of the message... but he discerns that Jesus is. That pointing starts a wonderful journey of people encountering Jesus and bringing others to him. There's something about Jesus and those with him that truly attracts. We evangelise through attraction! The challenge is to allow ourselves to be 'attractive' so that people are drawn to the Lord because of what they see of him in us. May we have eyes to see where we are being led closer to the Lord, but may we also have courage to lead others to Jesus, because it is all about him.

Saint of the Week

St Wulstan

Wulstan (1008-95) was a Benedictine monk at Worcester where he became prior. He was a great preacher and counsellor and became Bishop of Worcester in 1062, being the first English bishop known to have made a systematic visitation of his diocese. Under him Worcester became one of the most important centres of Old English literature and culture. He was known for his abstinence and generosity to the poor. With Lanfranc he was instrumental in abolishing the slave trade from Bristol to Viking Ireland. He re-founded the monastery at Westbury-on-Trym. He insisted on clerical celibacy and, under him, Worcester became renowned as a centre of Old English literature and culture.
